CORRIGENDUM

The inhalation toxicology of *p*-aramid fibrils

Ken Donaldson

Critical Reviews in Toxicology hereby notifies its readers that the author has noted an additional sponsor of their study: Teijin Aramid. After submission, it became clear that DuPont was acting on behalf of two *p*-aramid producers, the DuPont Company and Teijin Aramid. This correction does not change the fact that the review was conducted independently by the author and the contents of the paper do not necessarily reflect the views of the sponsors. The corrected acknowledgment should read as follows:

Acknowledgements

Declaration of interest: This review was commissioned and funded by DuPont and Teijin Aramid, but the author alone was responsible for the content and writing of the paper.
