ERRATUM

Cristiano Bertolucci and Augusto Foá. (2004). Extraocular photoreception and circadian entrainment in nonmammalian vertebrates. *Chronobiology International* 21(4–5): 501–519.

Page 512, lines 15–17 in the Conclusions section: “Overall sun compass orientation, also classified as photomenotaxis (Fraenkel and Gunn, 1940) results to be a behavioral performance rather sophisticated, **by detecting the amount** of environmental light (irradiance)” should read “Overall sun compass orientation, also classified as photomenotaxis (Fraenkel and Gunn, 1940) results to be a behavioral performance rather sophisticated, **if compared with that of merely detecting the amount** of environmental light (irradiance).”
