Errata

Correction to: McHorney CA, Schousboe JT, Cline RR, Weiss TW. The impact of osteoporosis medication beliefs and side-effect experiences on non-adherence to oral bisphosphonates. Curr Med Res Opin 2007; 23(12):3137-52.

The first author reports that, due to an oversight, the numbers in Table 4 on page 3145 were transposed. The entire corrected Table 4 is reproduced below.

Table 4. Differences between non-adherers and adherers on ratings of the bisphosphonate regimen

| Problematic aspects of the bisphosphonate regimen* | Non-adherers n = 453 | Adherers n = 562 |
|--|-------------------------|---------------------|
| Remembering to take it (%)† | | |
| Not a problem at all | 67 | 63 |
| A little of a problem | 11 | 20 |
| Somewhat of a problem | 10 | 11 |
| Very much of a problem | 11 | 6 |
| Staying upright for a specified amount of time (%) | | |
| Not a problem at all | 77 | 78 |
| A little of a problem | 7 | 9 |
| Somewhat of a problem | 7 | 7 |
| Very much of a problem | 9 | 6 |
| Not being able to eat or drink for a specified amount of time (%)† | | |
| Not a problem at all | 81 | 84 |
| A little of a problem | 6 | 10 |
| Somewhat of a problem | 6 | 4 |
| Very much of a problem | 7 | 2 |
| Interference with my normal daily activities (%)† | | |
| Not a problem at all | 80 | 92 |
| A little of a problem | 7 | 4 |
| Somewhat of a problem | 5 | 3 |
| Very much of a problem | 8 | 1 |
| Interference with taking my other medications (%)† | | |
| Not a problem at all | 89 | 93 |
| A little of a problem | 4 | 3 |
| Somewhat of a problem | 3 | 3 |
| Very much of a problem | 4 | 1 |

*Verbatim item was 'Please indicate how much of a problem the following aspects of your osteoporosis treatment is/was to you?'

†Statistically significant at $p < 0.05$
