Following the publication of the Review by Simon S Lo, Achilles J Fakiris and Ramzi Abdulrahman 'Role of stereotactic radio-surgery and fractionated stereotactic radiotherapy in pediatric brain tumors', published in the January 2008 issue of *Expert Review of Neurotherapeutics* (*Expert Rev. Neurother.* 8[1], 121–132 [2008]), it has been brought to our attention that the following sentence on page 127 was incorrectly printed as:

Kobayashi and colleagues reported the results of a series of 30 patients (mixed adult and pediatric) with 33 pineal and related tumors treated with gamma knife-based SRS.

The correct sentence is given below:

Kobayashi and colleagues reported the results of a series of 30 patients (mixed adult and pediatric) with 30 pineal and related tumors treated with gamma knife-based SRS.

The editors of *Expert Review of Neurotherapeutics* would like to sincerely apologize for any inconvenience or confusion this may have caused our readers.
