ERRATUM

In our paper, *Agréus et al: Rationale in diagnosis and screening of atrophic gastritis with stomach-specific plasma biomarkers. Scandinavian Journal of Gastroenterology 2012; 47: 136-147*, is an error in Figure 2. The arrow indicating the change of the plasma level of amidated gastrin-17 (G-17) in atrophic “pangastritis” (lower right corner) is in wrong direction. The arrow should be directed downwards, not upward. We apologize for this error. The corrected figure is shown below.

		CORPUS			ANTRUM		
		Normal	Gastritis	Atrophic gastritis			
ANTRUM	Normal	N		Hp + / - PGI ↓ G-17 ↑			
	Gastritis	Hp + PGI ↑ G-17 ↑					
	Atrophic gastritis	Hp + PGI ↑ G-17 ↓		Hp + / - PGI ↓ G-17 ↓			

N = stomach mucosa is healthy

Hp = H.pylori

PGI = plasma pepsinogen I (pepsinogens I/II)

G-17 = plasma gastrin-17 amidated

Pentti Sipponen
